Bound to make a great impression.

Your guide to choosing the right binding style and system.

Step 1 Choose your binding style(s). GBC offers a variety of solutions to bind any size or type of document.

Color Coil®
Professional and on trend
Pages lie flat with 360˚ rotation
Permanently binds
Keeps shape with bounce back flexibility

ProClick®
Professional, upscale look
Fast and easy
Pages lie flat with 360˚ rotation
Zips and unzips for quick edits

CombBind®
Conventional binding style
Pages lie flat
Editing capability with a machine

ZipBind®
Upscale look
Pages lie flat with 360˚ rotation
Zips and unzips for quick edits

WireBind
High-tech look
Pages lie flat with 360˚ rotation
Permanently binds

VeloBind® and SureBind®
Most secure style, permanently binds documents
Book-like finish
Great for filing, mailing

Step 2 Find the punching system for your needs. GBC offers a variety of punch patterns including 3-5-7 and 2-4 hole.
